The Mockingbird Flying Club offers affordable flying to its members from all walks of life!

If one of your goals is to learn to fly, Mockingbird offers initial flight instruction.

If you have your pilot's license, but have not flown for a while, Club Membership is an excellent way to get back into it!

If you are interested in working on an advanced rating(s), or simply wish to maintain proficiency, Club instructors and fellow members are readily available to guide you, or act as safety pilots.

The Mockingbird Flying Club has been in existence for over 50 years, and consists of business professionals, airline pilots, and a variety of other individuals who all share a love of flying.

Members all work to maintain the aircraft and the Club's financial stability. The Mockingbird Board of Directors meets regularly to keep the Club moving forward with Club operations, aircraft upgrades, and improvements.

Social opportunities include fall and spring "birdie parties", where members and their families get together for fun and wash and wax all Club airplanes. An annual business meeting is held in January and a Spring Banquet and Awards Ceremony in March. There are safety seminars, and/or group flight reviews, and flying activities to interesting airports and places.

Rates

*Effective 1-1-2020
(subject to change)*

Shares - The share price is negotiated between Shareholder and Buyer. Occasionally the Club has shares available in its Treasury.

Dues - \$80 per month plus \$10 capital fund. This amount includes insurance and many fixed costs.

Aircraft Rates - The following hourly rates are "dry", which means the flying Member pays an hourly ("hobbs") time plus the aircraft fuel.

Piper Archer II - \$70 per hour
Piper Saratoga - \$110 per hour

Assessments - may occur if the Club sells or purchases an aircraft or in an extreme financial condition.

Assessments are extremely rare and can occur, but requires membership approval.

(sales tax applies to most of the above rates)

How do I become a member?

1. Check the website, or contact the Club President or Vice President to inquire about share availability, current rates, etc.
2. Fill out an application, and send to the Club President
3. Make arrangements to purchase a Board Interview with the Club President or Vice President.
4. Upon acceptance by the Club, complete your share purchase with the Seller.
5. Arrange for a checkout or instruction with a Club Flight Instructor. Members must complete a checkout with for all Club planes that the member wishes to fly.
6. The Saratoga insurance requirement is minimum of 250 hours total time.
7. Have fun flying the airplanes!
